

### Diagnostic Criteria (CVID)

- |          |   |
|----------|---|
| Category | <input type="checkbox"/> IgG level at least 2 SD below mean for age (< 500mg/dL for adults) |
|          | <input type="checkbox"/> IgA level at least 2 SD below mean for age                         |
|          | <input type="checkbox"/> IgM level at least 2 SD below mean for age                         |
|          | <input type="checkbox"/> Onset of immunodeficiency at greater than 4 years of age           |
|          | <input type="checkbox"/> Poor or absent response to vaccines and/or iso-hemagglutinins      |
|          | <input type="checkbox"/> Defined causes of hypogammaglobulinemia have been excluded         |

### Diagnostic Criteria (Hypogammaglobulinemia)

- |          |   |
|----------|---|
| Category | <input type="checkbox"/> Primary hypogammaglobulinemia              |
|          | <input type="checkbox"/> Thymoma-associated hypogammaglobulinemia   |
|          | <input type="checkbox"/> Drug-associated hypogammaglobulinemia      |
|          | <input type="checkbox"/> Transient hypogammaglobulinemia of infancy |

Associated with...

- |  |
|--|
| <input type="checkbox"/> Previous Rituximab                |
| <input type="checkbox"/> Previous Chemotherapy             |
| <input type="checkbox"/> Other medication which lowers IgG |

(if transient) Age Resolved

\_\_\_\_\_ Years

### Diagnostic Criteria (Specific Antibody Deficiency)

- |                                     |  |
|-------------------------------------|--|
| Response to protein antigens        | <input type="radio"/> Absent response to protein antigens            |
|                                     | <input type="radio"/> Diminished response to protein antigens        |
|                                     | <input type="radio"/> Unknown  |
| Response to polysaccharide antigens | <input type="radio"/> Absent response to polysaccharide antigens     |
|                                     | <input type="radio"/> Diminished response to polysaccharide antigens |
|                                     | <input type="radio"/> Unknown  |
