

Visiting Immunology Scholars Program Application

The Visiting Immunology Scholars Program (VISP) gives medical students, residents, and fellows who are interested in immunology the opportunity to spend 1-2 weeks* at another medical center with an active PIDD research program. This program is designed to support the clinical and laboratory training experiences of the awardee. At the end of each visit, the awardee is expected to submit an evaluation of their program experience. The evaluation is requested so that USIDNET can document program success, track knowledge gained by the awardees, and collect suggestions/comments. Please note that [applicants must be U.S. residents](#).

Application must be accompanied by:

- Letter of support from your Department Head
- 500 word career statement outlining career goals
- Curriculum vitae or educational résumé
